Whilst every employee and contractor have a personal responsibility to control and minimise risks present in their own activities; we recognise that responsibility for the organisation of health and safety issues rests with the management team. We will liaise with employees and other stakeholders to ensure safe working practices are developed, sustained, and appropriately communicated. Stakeholders failing to observe the spirit of our health and safety vision will be subject to procedures as per the Company policy.

 - Allocating responsibilities for health and safety to our employees, suppliers, and business partners as appropriate to the nature of each activity
 - Providing an adequate budget and resources for health and safety management.
 - Monitoring, measuring, auditing, and reporting on our health and safety performance at least annually and more often where our processes change or when a dynamic need occurs

 - Ensuring people are empowered to raise health and safety concerns with the management team
